Forecast for Monday 22 May 2023

Weather: Some clear spells overnight, but high cloud generally increasing from the west through the morning, albeit with the occasional sunny spell at times. Cloudy through the afternoon with scattered showers. Cloud and showers clear into the evening, with some late evening sunshine possible.

Chance of cloud-free hill tops above 600m: 80%, dropping to 40% during afternoon.

Low Cloud and visibility: Cloud comfortably above the summits through the morning, lowering during the afternoon in showers to likely cover highest peaks with cloud bases around 400-600 m. Visibility starting off very good to excellent, dropping to good through the afternoon, and falling to poor or very poor in showers and low cloud later.
